Dear Parent/ Guardians,

To ensure the safe pick-up and drop-off of our students, we would like to inform you of our new pick-up and drop-off system.

Please view the map included for reference in the explanation of this letter.

Starting September 5th there will be a designated lane labeled **“LOADING ZONE”** to pick-up or drop-off students and a designated thru traffic lane labeled with one way arrows.

Please pull into the “LOADING ZONE” to load or unload your student and then back into the thru lane when you are ready to exit the school.

Please **DO NOT PARK** in the **NO PARKING ZONES**.

After school bus loading will now be behind the elementary / middle school office; this area is for **BUSES ONLY**.

Please help by following these procedures to make our schools a safer place while loading and unloading.

THANK YOU -
