# **Round Valley Unified School District**

#### Principal's Message

Yolla Bolly Continuation High School is an alternative educational program for grades 10-12 in Round Valley Unified School District. Our school district is located in beautiful Round Valley in Covelo, California. Round Valley Unified School District was formed in 1959 and encompasses approximately 50 square miles in the rural and isolated northeastern portion of Mendocino County. The Round Valley Indian Reservation is located within the district's boundaries. A one-hour drive is necessary if residents need to travel to the next community for services. Our schools include Round Valley Elementary (P-6), Round Valley Middle School (7-8) and Round Valley High School (9-12). The alternative education programs include Yolla Bolly Continuation High School (10-12) and Independent Study Programs (K-12). These sites are situated on approximately 27.5 acres of land on the west edge of the community. In downtown Covelo, there is Eel River Charter School (K-6).

Yolla Bolly Continuation High School provides services for students ages 16 and older who desire an alternative education program that provides opportunities for students to accelerate their learning and assist with recovery of academic credits. Students who attend Yolla Bolly have the opportunity to complete vocational education, physical education and directed studies classes after the conclusion of their morning academic program. Continuation students are encouraged to take advantage of Mendocino College classes available in the valley, including English, early childhood development and computer literacy.

Continuation students have technology opportunities for credits and makeup credits in all disciplines in Directed Studies classes. The Community Library is walking distance from the school. Continuation students are also referred for support in the areas of mental-health needs, counseling, substance abuse, and anger management through Round Valley Indian Tribal programs and Mendocino County Office of Education services.

This year, the enrollment of 13 is more in line with the current Round Valley High School enrollment of 123.

#### School Mission Statement

All students leave our schools reading proficiently, literate in technology and committed to lifelong learning. We strive to provide a drug-free, safe learning environment. We strive to create ownership and to instill pride in our schools, among our students, our staff and our community.

#### Parental Involvement

Parents are encouraged to actively participate with their student in the Yolla Bolly Continuation High School educational experience. Parents are encouraged to maintain close contact with the teacher and/or Round Valley High School counselor regarding the academic progress of their student.

Parents have numerous avenues to pursue if they would like to be involved in their student's education. We encourage parents to become involved in planning, organizing, and supporting their student in taking classes that will support student academic and career goals. The most immediate and easiest way for parents to participate include the following:

- Meetings with the counselor for the development of a Four Year Education Plan and yearly review of progress
- Meetings with the counselor to review credits earned and courses completed to help keep students on track for graduation
- Reviewing special senior progress reports issued every 10 weeks that include graduation progress, senior project progress, and college or tech school entrance information
- Reviewing the Annual Parent/Student
   Handbook distributed at the beginning of
   the year, along with other parent information
   distributed annually
- Back-to-school night and open house
- Challenge Day
- · Periodic classroom visitations

- Attendance at athletic events, school events and music performances
- Chaperoning student evening and weekend activities
- Parent-student-teacher conferences
- Attend Individual Education Program (IEP) meetings
- Attend Student Attendance Review Board (SARB) meetings
- Tutoring students
- Participating in school and district committees
- Viewing upcoming events and activities on district website and Facebook page
- Attend annual Big Time
- Attend annual Career Day
- Sign up for our new Schoology/Parent Portal app

For parents who would like to and have time to become more greatly involved, we have a great need for parents to participate in the following:

- School Site Council (SSC)
- · Title VII Parent Committee
- District Advisory Council (DAC)
- Public Law 874 Parent Advisory Committee
- School Planning Committees
- Parent Teacher Group

For more information on how to become involved at the school, please contact Principal Mark Smith at (707) 983-6171.

#### School Accountability Report Card

In accordance with state and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school's progress, test scores and achievements.

#### **District Mission Statement**

Round Valley is a community committed to developing excellence. Our organization is caring and efficient; treats people fairly and consistently; builds connections with students, parents, teachers, other staff and the community. The learning environment is safe and motivating, including all stakeholders as members of the educational community.

#### **District Vision Statement**

Students in the Round Valley Unified School District will be motivated and confident to compete successfully in college and the workforce and become positive, productive citizens.

#### Academic

Have students obtain comprehensive knowledge by training them to plan, organize, execute and manage their progress toward meeting their goals.

#### Emotional

Respect self, others, staff and community members; clarify personal desires and goals; and deal effectively with obstacles.

#### Physical

Become aware of and develop natural abilities and be fit and healthy through physical activity and good nutrition.

## **Enrollment by Student Group**

The total enrollment at the school was 16 students for the 2019-20 school year. The pie chart displays the percentage of students enrolled in each group.

#### Class Size Distribution

The bar graph displays the three-year data for average class size, and the table displays the three-year data for the number of classrooms by size. The number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

# Types of Services Funded

General funds (basic, unrestricted) and Impact Aid funds (unrestricted) provide funding for our teaching staff, administration and the core staff that provides meals, custodial maintenance and busing. Because of our ability to access Impact Aid funds, we are able to maintain low class sizes at all school sites, provide counselors, quality music and agriculture programs, tutoring and expanded hours for student learning, athletic programs for middle and high school students at no cost to the student, and increase the quality of our educational program. Our federal and state restricted funds are used to provide small class sizes, paraprofessional support, special-education staff, directed studies classes, and alternative classroom environments. We also use restricted funds to supplement core materials, classroom supplies, staff training and student testing. We are fortunate to receive restricted federal grant funds to support counseling (small group and individual), as well as our truancy-reduction program.

#### California School Dashboard

The California School Dashboard (Dashboard) https://www.caschooldashboard. org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

# CAASPP Test Results in Science for All Students (grades 5, 8 and high school)

# California Physical Fitness Test

Each spring, all students in grades 5, 7 and 9 are required to participate in the California Physical Fitness Test (PFT). The Fitnessgram is the designated PFT for students in California public schools put forth by the State Board of Education. The PFT measures six key fitness areas:

- 1. Aerobic Capacity
- 4. Abdominal Strength and Endurance
- 2. Body Composition
- 5. Upper Body Strength and Endurance
- 3. Flexibility
- 6. Trunk Extensor Strength and Flexibility

Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the Fitnessgram. The table shows the percentage of students meeting the fitness standards of being in the "healthy fitness zone" for the most recent testing period. For more detailed information on the California PFT, please visit www.cde.ca.gov/ta/tg/pf.

#### California Assessment of Student Performance and Progress (CAASPP)

For the 2019-20 school year, the CAASPP consists of several key components, including:

# California Alternate Assessments (CAA) test includes both ELA/literacy and mathematics in grades 3-8 and 11 and science in grades 5, 8 and high school. The CAA is given to those students with the most significant cognitive disabilities whose current individualized education program (IEP) designates an alternate

#### **Smarter Balanced Assessments**

assessment.

include ELA/literacy and mathematics in grades 3-8 and 11. Smarter Balanced Assessments are designed to measure student progress toward college and career readiness.

The assessments under CAASPP show how well students are doing in relation to the state-adopted content standards. On each of these assessments, student aggregate scores are reported as achievement standards. For more information on the CAASPP assessments, please visit www.cde.ca.gov/ta/tg/ca.

#### CAASPP by Student Group: Science, English Language Arts and Mathematics

The tables on the following pages display the percentage of students that met or exceeded state standards in science, English language arts/literacy and mathematics for the school by student groups.

The "percentage met or exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAA divided by the total number of students who participated in both assessments.

Note: The number of students tested includes all students who participated in the test whether they received a score or not. However, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Scores are not shown when the number of students tested is 10 or fewer, either because the number of students tested in this category is too small for statistical accuracy or to protect student privacy.

<sup>♦</sup> The 2019-20 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waives the requirement for statewide testing for the 2019-20 school year.

## Career Technical Education Programs

The primary CTE courses that are offered at RVHS are focused on the agriculture and welding industry. The RVUSD Board of Trustees and community members have expressed their desire to have agriculture courses at the high school. Students at Yolla Bolly Continuation High School may be allowed to attend career technical education courses at RVHS during the afternoon following their morning academic program.

RVHS provides a complete Agricultural Program. Classes offered include: Introduction to Agriculture, Ag Mechanics, Ag Bio, Veterinary Science and Ag Leadership. A Future Farmers of America (FFA) program is also in place at the high school.

Also included under agriculture is our new pathway Natural Resources, which includes Introduction to Natural Resources, Natural Resources and an internship opportunity.

The newest CTE program, which is in its first year, is welding technology. Classes included in this pathway are Introduction to Shielded Metal, Advanced Welding, Gas Tungsten, MIG Welding and Ag Mechanics.

The CTE program has a community-based advisory committee that oversees the program. This oversight committee is composed of community representatives from the agriculture field, parents and our three CTE teachers. Students in the courses complete high school graduation requirements and California State University and University of California requirements.

Lesson plans are curtailed to the specific industry. Students job shadow, have field trips, learn recordkeeping and receive academic counseling.

Measurable outcomes are obtained by class grades, benchmark testing, projects, PSAT, SAT and other state testing opportunities.

#### **Graduation and Dropout Rates**

This table displays the graduation and dropout rates for the most recent three-year period for which data is available. The four-year adjusted cohort graduation rate is the number of students who graduate in four years with a regular high school diploma divided by the number of students who form the adjusted cohort for the graduating class. From the beginning of grade 9 (or the earliest high school grade), students who are entering that grade for the first time form a cohort that is "adjusted" by adding any students who subsequently transfer into the cohort and subtracting any students who subsequently transfer out. For more information, please visit http://dq.cde.ca.gov/dataquest.

## **Public Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available at a workstation, and the ability to print documents.

#### Textbooks and Instructional Materials

Textbooks are selected by the teacher, reviewed with the site principal and approved by the board of trustees. The most recent textbook-sufficiency approval was at the September 14, 2020, regular meeting of trustees. All textbooks must meet state standards.

## **Professional Development**

- 1. Aeries training for Round Valley Elementary School (RVES) and Round Valley High School staff
- 2. Autism training for special education aides
- 3. Positive Behavioral Interventions and Supports (PBIS) training for RVES staff
- 4. Common Core State Standards/Go Math!/ST Math intervention for K-8 and high school
- California English Language Development Test (CELDT) training and English language development/ English language arts training for K-12
- 6. STEM (science, technology, engineering and mathematics) training/curriculum training: high school science and math

Professional development (PD) has been delivered in a variety of ways over the last two years. We have had professional development days set aside for all staff, used release time for full-day or part-day training or workgroups, and provided time for individual work.

The principal is also involved in instructional leadership by providing frequent observations of classroom instruction and feedback on observations, as well as by providing collaboration time for teachers to focus on student performance and instruction.

For the past three years, teachers in the district have been provided with 1.25 hours each week on Wednesday for professional development to participate in collaboration and professional learning teams.

Additional Training for RVES:

The elementary school staff participated in the following PD activities: PBIS Training, Step Up to Writing Base Training and Follow-up Training, Next Generation Science Standards (NGSS) Initial Training, Common Core Math Practice/CAASPP Preparation, HMH Online Resources (Technology Mentor), and 95% WIN Instruction.

## Suspensions and Expulsions

This table shows the school, district, and state suspension and expulsion rates. The 2019-20 suspension and expulsion rate data are not comparable to prior year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to prior years. Note: Students are only counted one time, regardless of the number of suspensions.

#### School Facilities

Yolla Bolly Continuation School is on the same property as Round Valley High School (RVHS) and the district office. The continuation school is located in a modular building adjacent to the football field and the new gym that was completed this year. The main building and the gymnasium were built in 1930 and remodeled in 1980. Additional facilities were added during the 1980s and 1990s.

For safety, a fence surrounds RVHS, with gates located in multiple sites along the front and sides of the school. In order to ensure safety, at the beginning of the school day, all high school gates are locked while school is in session. Students and parents have access to the facilities through the front entrance into the main high school building. Parents and community members are requested to sign in at the office prior to entering the main school grounds. Signs are displayed on the campus indicating the necessity of signing in to the office.

Modernization projects in 2014-15 updated our school facilities. The following facility improvements have occurred:

- New lighting external and internal for all classrooms
- · New thermostats for all classrooms
- New high school gym lighting installed at Yolla Bolly Continuation High School was inspected by the district director of maintenance and the principal in compliance with the Williams case settlement guidelines in September 2020. At that time, the school facilities were given a rating of 96.80 % and "good" on the Facilities Inspection Tool.
- The district is also in contract for installation of solar equipment that will provide more affordable power to the school sites. This project is in the completion phase.

#### **Teacher Qualifications**

## School Safety

The Yolla Bolly Continuation High School is a part of the Round Valley High School's School Safety Plan (SSP). The Round Valley High School Safety Plan (SSP) was approved by the board of trustees in February 2021. The School Site Council was involved in the development of the SSP. The plan will be reviewed yearly in the fall. The district is currently in the process of updating its Disaster Preparedness Plan, and this plan will be approved by the board of trustees and reviewed by school staff in February 2021.

Students complete drills for fire and earthquake on a regularly scheduled basis and participate in lockdown training at least annually.

The Round Valley High School Safety Plan contains the following components: School safety data (discipline, School-Wide Information System [SWIS], truancy, California Healthy Kids Survey (CHKS), counseling referrals, etc.), behavioral expectations and schoolwide discipline, safety committee, professional development opportunities for staff, prevention curriculum (substance abuse, antibullying, development of life skills), crisis response, safety drills (earthquake, fire, lockdown), disaster preparedness, child abuse, developing high expectations, counseling and guidance, physical safety, collaboration, and forms and schedules in use at the school site.

The district has onsite campus supervision provided daily. Some of the duties include developing open and positive relationships with all students; monitoring the school grounds during class time, student passing times, break and lunch; and identifying students who have cut class and returning them to their classes.

Round Valley High School is concerned about the level of unexcused absences that occur each year. The district is currently providing a staff member to monitor daily student attendance, call homes of absent students, and make School Attendance Review Board (SARB) referrals.
